

WTC Twin Towers: The Hypothesis of Controlled Demolition is Fully Supported by the Evidence

All the features of these 2
“collapses” match all the
features of a typical controlled
demolition using explosives

9/11: Re-examining the
3 high-rise “collapses”

FOR
9/11 TRUTH

Richard Gage, AIA, Architect

*Every building exhibiting all the
characteristics of a controlled demolition
has always been a controlled demolition!*
